LOOKING FOR A
MORE **NATURAL**
AND **SUSTAINABLE**
SKIN CARE ROUTINE?

A glass vial containing a yellow liquid, with a metal cap. The vial is positioned vertically, and the liquid level is visible. The metal cap is partially open, and the vial is set against a light blue background. The text is overlaid on the vial and cap.

THE WAY IS **OZONE**.
THE **SAFE** AND **EFFECTIVE** WAY.

ABOUT US

O³NT was born in 2020 amid the Covid-19 pandemic, with the aim of bringing the benefits of clean ozone technology to the daily lives of our customers.

We are a brand of natural ozonated cosmetics, which honors its artisanal essence, using clean technology, with OXYGEN CONTAINED IN THE AIR being the main active ingredient in our compositions.

We developed an intelligent formula that meets various skin health needs and also helps save space.

OUR RAW MATERIAL IS OXYGEN YES! THE AIR!!

Ozone (O₃) is a natural element composed of three oxygen atoms that can bring many benefits to the skin.

Being a natural compound, there are no risks of unwanted side effects or harm to the environment, making it a safe and effective way to promote healthier and more beautiful skin.

our packaging
turns into a loner
for **decoration.**

A close-up, high-angle photograph of long, wavy, reddish-brown hair. The hair is thick and has a natural-looking texture with some frizz. The lighting is warm, highlighting the individual strands and creating a rich, golden-brown hue. The word "hair" is overlaid in the lower right quadrant in a clean, white, sans-serif font.
